---

## **1 Purpose of Report**

To inform the Community Board of resource consent applications referred to it by the Environmental Services department of Council and any comments made by its delegated members.

## **2 Background**

At its Inaugural meeting held 10 December 2013 the Mercury Bay Community Board delegated responsibility to three members to provide comment on planning matters relating to resource consents and any matters relating to new/renewal leases.

## **3 Discussion**

- The delegated representative will provide comment on local knowledge and issues that may be relevant to each referred resource consent application.
- The nominated representative should seek the wider views of the Community Board where they consider it is appropriate.
- Recommended where practical that the delegated representative seek comment from the Area Manager.
- The nominated representatives will report to the Community Board on the resource consent applications that have been received and the extent of comments that have been made.

## **4 Suggested Resolution(s)**

That the Mercury Bay Community Board:

1. Receives the report.
