THAMES-COROMANDEL  
DISTRICT COUNCIL

21 APR 2015

RECEIVED BY: *Tani*

Dear Sir,

I wish to draw attention to terrible unkept appearance of the area in Thames on the East side of Queen St bounded by Cochrane St and Pahau St (the old Placemaker Area).

The use of this area as a Timber Yard is bad enough but it is that most disorganized and overgrown yard I have ever seen.

It is a disgrace to the town and gives a very bad impression of Thames as visitors pass through.

Surely the council has the right to insist that its appearance be kept up to a reasonable standard or hidden from sight by a high fence.

I have lived in this town as a professional and am very proud of it but this type of neglect in the centre of town undermines my pride and gives me the impression that nobody cares, not even the TCDC.

I hope something can rapidly be done to improve this very important area.

Yours faithfully,

Doug Driver
