I wish to file a correction to a transcript error within the Appeal lodged by the Coromandel Property Owners Alliance on 13 June 2016. This relates to the last sentence of Section 8.1(c) on Page 4 of the Appeal.

The original appeal document reads:

"The Appellants consider that restricting an activity on the basis of a "planned" element does provide for reasonable use and does not meet the purposes of the RMA".

The corrected sentence reads:

"The Appellants consider that restricting an activity on the basis of a "planned" element does not provide for reasonable use and does not meet the purposes of the RMA".

A corrected Appeal document is enclosed.

Yours sincerely
