1 Meeting Conduct

1.1 Apologies

All members were present.

1.2 Public forum

Stuart Arnold on behalf of residents of Tirinui Crescent, Tairua expressed his concern with the increased traffic now accessing and parking at the top of Tirinui Crescent. The residents were having difficulty accessing their properties. They also had issues with freedom camping even though a 'No freedom camping' sign had recently been erected.

Riley Elliott a Tirinui Crescent resident noted that the Coromandel relies on tourists for the businesses but the traffic was becoming congested.

Rowena Brown, also a resident noted that camper vans and buses could not safely pass on the narrow roads up Paku and should be banned past the Memorial Reserve carpark.

Donna Brooke thanked those who had attended the launching of the Tairua Information Centre's new website and noted that Riley Elliott was the guest speaker at the Tairua Information Centre AGM in August. She also expressed concern at the lack of progress with the relocation of the Tairua Information Centre.

The Area Manager noted that there was a process to go through to achieve this and that the Tairua Information Centre should make a formal written approach to Council.

She also asked if the community would have vehicle access to the Tairua wharf. The Area Manager noted that Council was required to manage the health and safety risks associated with pedestrians and vehicles using the wharf.

Donna also noted that the Pepe toilet block needed an upgrade and suggested that it should not all be a cost to the ratepayers. The Area Manager noted that an upgrade had been included with Council's application for other infrastructure projects to Central Government's Tourism Infrastructure Fund for funding for this upgrade.

37/17 Resolved

TPCB That the Tairua-Pauanui Community Board receives: Stuart Arnold, Riley Elliott, Rowena Brown and Donna Brooke as speakers in the public forum.

Moved/seconded by: Campbell/Bartley

1.3 Items not on the agenda

No further items were added to the agenda.

1.4 Conflict of interest

The following interests were declared:

BA Turner and SH Campbell

2.1 Community Grants - Non-pecuniary

1.5 3 July 2017 Tairua-Pauanui Community Board

- It was clarified that the 3 July 2017 Tairua-Pauanui Community Board Members' reports were not included in the Council agenda of 8 August 2017. Board member Turner tabled the documents received from Hikuai residents through his member's report and this was recorded in the 3 July 2017 Tairua-Pauanui Community Board minutes. These documents were subsequently emailed to the Hikuai District Trust (HDT) and the questions asked in the documents were answered by the HDT committee at a public meeting held on 25 July 2017.
- The Board Chair noted that the Board and staff had followed the correct procedure.

39/17 Resolved

TPCB That the Tairua-Pauanui Community Board confirms the minutes of the Tairua-Pauanui Community Board meeting held on 3 July 2017 as a correct record of proceedings.

Board Members Campbell and Turner took no part in this item.

2.2 Rates on-charging for community organisations leasing Council land

Community Board direction was sought on the on-charging of rates to emergency services organisations and community organisations leasing Council property in the Community Board area.

- A correction was made to the last item in Attachment B to this report in that the Lessee for 23 Centreway should be the Pauanui Community Library Inc. not Pauanui Pre-School.
- Changes to the annual rate for 21 and 23 Centreway were noted with the amalgamation of the two titles into one title and reclassification to reserve which would reduce the rating impact.

41/17 Resolved

TPCB That the Tairua-Pauanui Community Board:

1. Receives the 'Rates on-charging for community organisations leasing Council land' report, dated 27 July 2017.
2. Determines to pay the rates associated with the properties leased by the organisations listed below for the period 1 July 2018 to 30 June 2021.

3 Local Activities: Policy/Levels of Service Operational

3.1 Tairua-Pauanui Ward Footpath Construction Priorities for 2017-2018 and the 2018-2028 Long Term Plan

For the Tairua-Pauanui Community Board to prioritise the footpath construction and programmes for the 2017/18 and onwards financial years.

- It was noted that the available budget was not sufficient to construct both sections of footpath from the Ocean Beach Access Road towards Paku Drive in this financial year. It was also noted that the main issue along this section of road was the stormwater and that kerb and channel should be undertaken.
- Staff were asked to give an indication of the cost for kerb and channelling for this section of road.
- The Board also agreed that new footpaths might not be needed in Tairua. It was suggested that the Board could consider a nib kerb rather than footpaths as this tidies up the road edge and is more in keeping with the beach environment. It was recognised that nib kerb does not address the issue of stormwater which is the issue on this section of road.
- Staff would investigate a solution to the stormwater issue and provide the Board with an indication of what the cost would be for kerb and channel only.

42/17 Resolved

TPCB That the Tairua-Pauanui Community Board:

1. Receives the 'Footpath Construction Priorities for 2017/18 onwards' report dated 25 July 2017.
2. Defers the footpath construction for 2017/18 and asks staff to provide an indication of the cost for kerb and channel for the 160 metre (approximately) section of Ocean Beach Road from the Ocean Beach Road Access Road towards Paku Drive for the next meeting.

6 Reports

6.1 Tairua-Pauanui Community Board 2017/2018 Work Programme Update

An update was provided to the Community Board on the 2017/2018 Work Programme.

- Royal Billy Point Boat Ramp Pauanui: An on-site meeting with the working group and project team confirmed for 21 August.
- Tairua Wharf and boat ramp redevelopment: The project was almost complete. Official opening was scheduled for the end of September.

43/17 Resolved

6.2 Members' reports

Councillor Bartley noted that the Mangrove Management Bill had passed the first reading in Parliament and had gone to Select Committee.

Board Member Brooks attended the Tairua Hall Committee AGM. They were looking to install steps down to the beach area by the hall and a garden in front of the Hall. He attended the Tairua Heritage Group meeting. They were looking to refurbish the heritage signs for the Heritage Trail and add three new sites. He attended the Tairua Information Centre meeting and an Emergency Management workshop in Te Aroha. The working group had completed mangrove removal in Grahams Creek.

Councillor Walker noted that the storm damage report after the three weather events in March cost \$1m this year and \$1.7m in the next financial year. There was on-going discussion for the parks and reserves storm damage costs. He noted that the Tairua-Pauanui Reserve Management Plan was reviewed three years ago but suggested that the number of concessions allowed on reserves should be something the Board looks at. He noted the Tairua Harbour Catchment and Management Plan timelines and actions should be reviewed.

Board Member Campbell noted she was interested to see what direction the Coromandel Arts and Advisory were taking. She believed there was potential for an arts event on the Peninsula that could work in with the Paradise Coast brand. Experience Pauanui had agreed to be the caretaker of the Paradise Coast brand and distribute the toolbox. She would also like to open up the Working Group to include Dennis Beaver, Donna Brooke and Paul Schrader and arrange a meeting of the group. This was a brand for the communities of Whangamata, Pauanui and Tairua and needed to be community driven.

Board Chair Renton attended the Pauanui Community Library AGM and noted they had signed a lease with Council for 5 years. Their income was from book sales, membership and grants. He attended Experience Pauanui's AGM. Pauanui was 50 years old next year and the community was looking at options to celebrate it in October 2018. A member of the community had indicated that they would like to set up a sculpture park in Gallagher Park. He attended the Pauanui Trail meeting on 25 July where 150 people attended and he met with the Area Manager on the Royal Billy Point boat ramp.

Board Member Turner noted that the community would like to see the haul out grid re-established at Mary Beach. There was now no facility in Tairua for hauling out boats in an emergency.

He attended the Tairua Residents and Ratepayers Association meeting. They still had issues with the noisy road and one lane bridges. There was a stormwater issue in Paku Drive between Hemi Place and Marina Vale that needed investigation. He sought a contribution from the Board of \$200 towards the memorial seat proposed for Derek Boyd. This was agreed to. He was working on getting better access to Patrick Heath Memorial Reserve.

44/17 Resolved

TPCB That the Tairua-Pauanui Community Board:

1. Receives the Members' reports.
2. Confirms a contribution of \$200.00 towards a memorial seat recognising Derek Boyd's achievements in the Grahams Creek area to be funded from Community Board discretionary fund.
